

USER MANUAL

MJ-808 LED BIKE LIGHT

7. Operation

(d) Fasten the battery pack tightly

(e) Connect the light to the battery pack

- Press the button to change brightness
- Press and hold the button for 2 seconds to turn off the light from any mode

8. Warnings

- Keep out of reach of children or pets
- Do not short-circuit the charger or the battery
- Do not use your device while charging or touch your device with wet hands
- Do not drop or cause an impact to the charger or the battery
- Do not charge the battery with chargers that are not approved by the manufacturer
- Never dispose of batteries or devices in a fire
- Never place batteries or devices on or in heating devices, such as microwave ovens, stoves, or radiators. Batteries may explode when overheated
- Never crush or puncture the battery
- Do not touch the light surface when the light is turned on. The light surface could be very hot
- Battery must be stored in a dry area with low temperature for long-term storage

- Do not touch the liquid if the battery is leaking. If contacted, get medical help right away
- Prevent batteries from contacting metal objects, as this can create a connection between the + and – terminals of your device and lead to temporary or permanent battery damage
